Subject: Factsheet for health professionals - WV Freedom Industries spill

Dear Colleagues,

Please find attached a new factsheet on the West Virginia Freedom Industries, Elk River chemical spill, which occurred on January 9, 2014.

This factsheet was developed for health professionals serving residents living in, or those working in, Kanawha, Cabell (Culloden area only), Boone, Putnam, Lincoln, Logan, Clay, Roane, and Jackson who were affected by the Freedom Industries, Elk River chemical spill. It was developed and reviewed in collaboration with medical and clinical toxicology experts at the West Virginia Poison Center and the Mid-Atlantic Center for Children's Health and the Environment.

Thanks,

Mid-Atlantic Center for Children's Health and the Environment
